# A Timeless Fingerprint

The Stones Logo is crafted using an impossible geometric shape of a cricle unioned with a sans-serif letter S and intersected with the golden spiral with a perfect percision making the ratio of the negative space in the logo and the filled space is equal to the sum of both of them over the larger (the filled space) a+b/a = alb

The impossible geometry of the two circles in our logo represents the join of the two Abu Ghosh brothers the founders of the Stones brand achieving what semed impossible to everyone, building a global luxury brand that sells carefully crafted art pieces to the highest profile clients in the world made out of stones using only a saw they aquired with less than a hundred dollars.
